

Sometimes your pet eats things that he is not supposed to or walks in something that is not clean. When he does this, he can pick up germs and other bad things. He can get sick and make you sick, too.

Unscramble the words under the blanks below to reveal what responsible pet owners do.

After you play with your pets and before you eat,  
always \_\_\_\_\_ your hands.  
SAWH

Teach your dog not to \_\_\_\_\_ your face.  
ILKC

Don't let your dog \_\_\_\_\_ from the toilet bowl.  
DNRKI

Remind your parents to give your dog a  
\_\_\_\_\_ regularly.  
ABHT

Keep outdoor areas \_\_\_\_\_.  
ELNCA

Protect your dog from \_\_\_\_\_ and \_\_\_\_\_  
with medicine from the veterinarian.  
AFSLE SMWRO

---

You can be a responsible pet owner by making sure your dog is bathed regularly and that his outdoor areas are kept clean. Don't let your dog give you kisses or lick your face. And always wash your hands after playing with your dog. You can keep your dog healthy by giving him medicine from the veterinarian that protects him from worms and fleas. This is one of the best ways to keep your pet healthy.
